LinkedIn: Carmine Coppola
GitHub: carminecoppola

I am a passionate and ambitious individual with a strong dedication to learning and progress. With an academic background in Computer Science from Parthenope University, I have gained solid technical skills and a deep understanding of fundamental computer concepts. My insatiable curiosity drives me to stay updated on new technological trends and developments. I am an enthusiastic team player, but also capable of working independently, tackling challenges with creativity and determination. I am actively seeking opportunities to apply my knowledge and grow professionally in the field of computer science.

Work experience

2024-2025 (semester)	Computer Architecture Tutoring <i>University of Parthenope, Department of Sciences and Technologies</i> Provided tutoring support for the Computer Architecture course in the undergraduate Computer Science program.	📍 <i>Naples, Italy</i>
2024-2025 (10 months)	Postgraduate Research Scholarship <i>University of Parthenope, Department of Sciences and Technologies</i> Postgraduate fellowship in the FGPE ecosystem. Designed and implemented a software component for the automatic generation of gamified programming exercises using LLMs.	📍 <i>Naples, Italy</i>
2023-2024	Web Development Intern <i>AC Software</i> Three-month internship focused on front-end web development using Angular, HTML, CSS, and JavaScript. Collaborated with the development team on responsive and dynamic web applications.	📍 <i>Lamezia Terme, Italy</i>
2021-2022	Delivery Rider <i>Alfonsino SpA</i> Developed strong time management and problem-solving skills by optimizing delivery routes and ensuring customer satisfaction.	📍 <i>Pomigliano D'Arco, Italy</i>
2020-2020	Waiter <i>Bar Betania</i> Full-time experience involving delivery and table service, improving interpersonal and communication skills.	📍 <i>Pomigliano D'Arco, Italy</i>
2019-2019	Apprentice <i>MJCar Srl</i> Gained initial exposure to industrial electronics and mechanical systems within automotive contexts.	📍 <i>Nola, Italy</i>

Projects

2025	Hi-WeFAI Tutorial Development <i>University of Naples Parthenope</i> Designed and authored the complete operational tutorial for the Hi-WeFAI project, documenting the AI-driven hydrometeorological workflow: radar data acquisition, transformer-based precipitation nowcasting, hydrological coupling with the PERFECT-M model, and flood-warning generation. Created reproducible examples and HPC deployment guides.	📍 Naples, Italy
2024–2025 (12 months)	GLOWPP – GLOBO Model Modernization <i>ISAC-CNR</i> Refactored legacy Fortran components, optimized MPI communication with collective operations, contributed to GPU acceleration readiness using OpenACC, and developed validation/testing procedures. Results presented at eScience 2025.	📍 Bologna / Naples, Italy
2024	app@uniparthenope <i>University of Naples Parthenope</i> Development of the official university mobile app for Android and iOS, integrating campus services and improving accessibility for students.	📍 Naples, Italy
2024–2025	AI-Generated Programming Exercise Framework <i>University of Naples Parthenope</i> Designed a research framework for evaluating large language models on AI-generated programming tasks, including dataset creation, benchmark design, and automated evaluation pipelines.	📍 Naples, Italy

Education

2024–present	Master's Degree in Machine Learning and Big Data <i>University of Naples Parthenope, Department of Sciences and Technologies</i>	📍 Naples, Italy
2020–2024	Bachelor's Degree in Computer Science <i>University of Naples Parthenope, Department of Sciences and Technologies</i>	📍 Naples, Italy
2015–2020	Technical Diploma <i>I.T.I.S Eugenio Barsanti</i> <i>Electrotechnical Diploma</i>	📍 Pomigliano D'Arco, Italy

Certifications

2024 (2 Months)	AWS Academy Cloud Foundations <i>AWS Academy</i> Introduction to cloud computing concepts, AWS services, and scalable architecture design.	📍 Naples, Italy
2022 (1 Month)	iOS Development Basic Course <i>University of Naples Parthenope, Department of Sciences and Technologies</i> Foundational knowledge in iOS development and Swift programming.	📍 Naples, Italy

Publications

2025	Certamen Artificialis Intelligentia: Evaluating AI in Solving AI-Generated Programming Exercises  <i>Belgrade, Serbia</i> <i>University of Naples Parthenope</i> Scientific publication presenting research from the AIED project, analyzing how state-of-the-art LLMs solve programming exercises generated by other LLMs.
2025	Preserving and Improving the Legacy of eScience: The GLOBO Experience  <i>Chicago, USA</i> <i>ISAC-CNR and University of Naples Parthenope</i> Poster presentation describing HPC refactoring and GPU preparation of the GLOBO atmospheric model.
2024	app@uniparthenope  <i>Naples, Italy</i> <i>University of Naples Parthenope</i> Publication of the university mobile app, developed for Android and iOS platforms.

IT Skills

Programming and Frameworks	C: intermediate C++: intermediate HTML: intermediate CSS: intermediate Python: intermediate Java: intermediate Dart: intermediate JavaScript (JS): intermediate TypeScript (TS): intermediate Angular: intermediate Node.js: basic OpenCV: beginner
Mobile Development	Flutter: intermediate Swift: intermediate
Databases	MongoDB: intermediate MySQL: intermediate
Version Control & DevOps	GitHub: intermediate Docker: basic
HPC & Parallel Computing	MPI: basic understanding OpenACC: beginner Linux HPC environment: basic Cluster job submission and profiling: beginner
Design Tools	Canva: intermediate Figma: intermediate Keynote: advanced
Productivity Tools	Notion: intermediate
Data Formats	JSON: beginner
Office	Microsoft Office tools: advanced Apple Tools: advanced L ^A T _E X: advanced

Personal data processing

According to the artt. 46 and 47 of the DPR 445/2000 (Italian Law) and aware that false statements are punishable according to the penal code and by the special laws on this subject. In compliance with the GDPR and Italian Legislative Decree no. 196 dated 30/06/2003, I hereby authorize the recipient of this document to use and process my personal details for the purpose of recruiting and selecting staff and I confirm to be informed of my rights in accordance to art. 7 of the above mentioned Decree.
